Figure 13 (Left Popliteal fossa)

1. Sartorius.
2. Vastus medialis.
3. Sural nerve.
4. Rectus femoris.
5. Ligamentum patellae.
6. Vastus lateralis.
7. Plantaris.
8. Lateral cutaneous nerve of the calf.
9. Gracilis.
10. Medial head of gastrocenemius.
11. Lateral head of gastrocenemius.
12. Iliotibial tract
13. Biceps femoris.
14. Semitendinosus.
15. Semimembranosus.
16. Common peroneal nerve.
17. Medial Popliteal nerve.
18. Popliteal vein.
19. Popliteal artery.
20. Tibialis anterior.
21. Peroneus longus.

Figure 26

0. Orbicularis oculi.
1. Buccinator.
2. Facial artery.
3. Parotid duct.
4. Temporalis muscle.
5. Lateral pterygoid.
6. Maxillary artery.
7. Lingual nerve.
8. Inferior alveolar nerve &artery.
9. Medial pterygoid.
10. Superficial temporal artery.
11. External carotid artery.
12. Posterior auricular artery & facial nerve.
13. Posterior belly of digastric & stylohyoid muscle.
14. Occipital artery.
15. Internal jugular vein.
16. Sympathetic chain.
17. Vagus nerve.
18. Descends hypoglossi.
19. Internal carotid artery.
20. Hypoglossal nerve.
21. Common carotid artery.
22. Superior thyroid artery
23. Inferior thyroid artery.
24. Thyrocervical trunk.
25. Transverse cervical artery.
26. 3rd part of subclavian artery.
27. Scalenus anterior.
28. Phrenic nerve.
29. Brachial plexus.
30. Scalenus medius.
31. Levator scapulae.
32. Splenius capitis.
33. Sternomastoid.
